

Objectives and investment policy

Objectives

The objective of this fund is to achieve a return at least equal to the return on the US equity market for mid-size companies. The fund is accumulating.

Investment policy

The fund invests mainly in equities in mid-size companies traded on market places in the USA. Equities in mid-size companies are defined as equities with a market value of between USD 2 and 30 billion. When investing in new companies the market value will typically be between USD 2 and 12 billion. Normally, equities in companies with a market value above USD 24 billion will be sold. The fund is categorized under SFDR as article 8 and promotes environmental and/or social characteristics, as well as good governance practices, through screening, restrictions, investment analysis and decision-making as well as active ownership. The fund follows Danske Invest's responsible investment policy. The investment strategy is active. This means that we aim to find the best investments to generate the highest possible return with due consideration to risk. The strategy implies that the investments in the portfolio may deviate from the benchmark, and that returns can be either higher or lower than the benchmark. Currency risk is not hedged and fluctuations in exchange rates may affect the return. Subscription is only possible for investors with a portfolio management agreement with Danske Bank or other distributor as described in the prospectus. Fund units can normally be redeemed on banking days.

Recommendation: This fund may not be appropriate for investors who plan to withdraw their money within 5 years.

Return in the period: 10.06.2020 - 31.03.2024

The default for the chart is the return for the past 5 years as of end of month or, if the fund is less than 5 years old, since launch. Past performance is not a reliable indicator of future results. Future returns may be negative. The return may increase and decrease as a result of currency fluctuations if the fund is issued in a currency other than the currency used in the country in which you are domiciled.
